

COACH LOGIN-OUT BATCH PROGRAM

The batch login-logout program that you asked for is ready for use as from today, 20-7-22
If there are any issues or doubts today, call me by email or text/speak 07772450030

The program is labelled G in your webApp and is last in the list of app options

USE

Start by inputting your group number*

You should see all the athletes who have logged in.to your group*

You can click (laptop) or touch (mobile) the checkbox to select/deselect each athlete

A blue button at base selects ALL, a black button deselects ALL

The RED button will delete all those selected FROM the logged-in data table

The GREEN button will put all those selected INTO the logged-in data table

Each use of the RED or GREEN button is followed by a new list for the athletes showing their new status

*If your group list is not correct, use the 'H: change group' option which Richard or my has.

Others can have it if desired

Pete H
