

RHAC Young Stars Recognised

Home Countries International Cross Country 25th March 2018
Wollaton Park Nottingham

The event invites teams from the 4 home countries and the 3 areas - North, Midlands & South. Each team has 4 athletes with the first 3 team athletes to finish providing the team score. (based on finishing positions)

The standard of competition is therefore very high, and it is an achievement to be selected for a team. There are 4 races for male & female junior and senior age groups

Two club athletes had been selected to represent the North of England in this event; Natasha Hatswell (senior Women) and Joe Massingham (Junior men) Both were part of bronze medal winning teams. Natasha made an excellent debut at this level finishing 6th in a field of International athletes, and leading the North team home to their medal winning performance.
